Requirements

Med Missionary students are encouraged to watch all the Health Lectures and Health in the Bible videos and listen to the History of Medical Missionary Work audio presentations. Students need to successfully complete all tests in each of these three learning areas to receive a certificate of completion.

Test Schedule

Deadline for all tests is **January 13, 2027**

Assessments Pass Rate

Online tests are composed of multiple-choice questions.
There is a total of 3 tests:
1 Health Lecture test
1 History of the Medical Missionary Work test
1 Health in the Bible test
Students must achieve 80% or higher on each test to obtain a certificate of completion. Tests can be re-taken as many times as necessary up until the test deadline.

Certificate

A digital Certificate of Completion will be made available for download at the bottom of your account page where you will see a certificate icon.

Resources

Please become familiar with your **communication guidelines** on the student orientation page.

Rights

Med Missionary students and instructors have academic freedom to express their points of view and are expected to respect the rights of others.

Course content and materials are protected under copyright and are intended for the sole use of the student/graduate and are not for resale purposes.

Disclaimer

Please note that the syllabus/schedule is subject to change as deemed necessary by course instruc- tors.

Course Evaluation

Students are asked to provide feedback by completing our Med Missionary Training Course evaluation to help us further develop our course.
